

Nagle Grade and State Grade Comparison Tables

STATE GRADE

In Western Australia, the School Curriculum and Standards Authority (SCSA) reporting policy requires that student achievement in Mathematics, English, Science and Humanities and Social Science (MESH courses) is reported on using a five-point scale.

Letter Grade	Achievement Descriptor
A	The student demonstrates excellent achievement of what is expected for this year level.
B	The student demonstrates high achievement of what is expected for this year level.
C	The student demonstrates satisfactory achievement of what is expected for this year level.
D	The student demonstrates limited achievement of what is expected for this year level.
E	The student demonstrates very low achievement of what is expected for this year level.

These grades can be interpreted as the State Grade for a particular course. These grades are derived by referencing the SCSA 'Judging Standards' guidelines that are used to moderate assessment in all schools across Western Australia.

GRADE COMPARISON TABLES

Below are the Nagle Catholic College grade comparison tables organised into Year groups for the MESH courses. All MESH courses at Nagle are ability grouped.

Maths is grouped into Accelerate, General and Focus for students in Years 8 - 10 and General and Focus in Year 7

English is grouped into General and Focus in Years 7-10

Science is grouped into Accelerate, General and Focus for students in Years 8-10 and General and Focus in Year 7

Humanities and Social Science is grouped into General and Focus in Years 7-10.

You will need to check the class group your child is in (on the Report, the course code followed by A G or F) and the grade issued on the Report. Once this is done a comparison can be made by referring to the left-hand column on all tables.
